

IIIT Surat Signs MoU with Singapore Management University to Foster Global Academic Collaboration

Indian Institute of Information Technology (IIIT) Surat is proud to announce the signing of a Memorandum of Understanding (MoU) with the **Singapore Management University (SMU)**, School of Computing and Information Systems, on **19th May 2025**.

This strategic MoU marks the beginning of a strong academic partnership between IIIT Surat and SMU—an internationally renowned institution known for its excellence in computing, information systems, and interdisciplinary research.

The collaboration aims to:

- **Enable direct admissions** for IIIT Surat students into SMU's prestigious *Master of IT in Business (MITB)* program.
- Facilitate **6-month research internships** for final-year undergraduate students from IIIT Surat at SMU.
- Explore **mutually beneficial academic and research opportunities**, including joint initiatives, faculty exchanges, and interdisciplinary cooperation.

This partnership reflects IIIT Surat's growing emphasis on **internationalization, research exposure, and global learning opportunities** for its students and faculty. We look forward to a long-term engagement with SMU to develop impactful programs at the intersection of technology, business, and innovation.
