# About Indian Institute of Information Technology Surat

The Indian Institute of Information Technology Surat is an Institute of National Importance and was established in Public-Private-Partnership (PPP) mode in 2017 by the Ministry of Human Resource Development, Government of India. The Government of Gujarat, Gujarat Narmada Fertilizer Company Ltd, Gujarat Gas Ltd and Gujarat Informatics Ltd agreed through a Memorandum of Understanding with Government of India to be the partners in the establishment and progression of the Institute.

The BTech students are admitted through the JEE (Main). The Institute is committed to the mission of delivering highly competent graduate engineers who are enriched with theoretical knowledge as well as hands-on experience in Information and Communication Technologies. The B.Tech curriculum is designed in such a way that students get exposure to the latest trends in technology such as Artificial Intelligence (AI), Machine Learning (ML) and Internet of Things (IoT).

IIIT Surat strongly believes that industry-academia engagement is instrumental in advancing research and creating a skilled workforce. Therefore, the final year B.Tech students of our institute are encouraged to pursue industry internships for a period of 6 months during their eight semester (Jan-June). This provides them the necessary exposure to the industrial environment and makes them ready for a good career in engineering. The Training and Placement Cell at IIIT Surat provides a platform where the recruiters and students can come together to explore the avenues of a fruitful alliance.

# Guiding Principles

## Vision

- To develop a globally competitive Centre of Excellence in the field of Computer Science and Technology to inspire the younger generation of Engineers to realize the 'Make in India' dream a reality.

## Mission

- Imparting preeminent knowledge in the field of Information Technology to younger generations so that they can serve the Society and Nation through evolving excellence in technology and innovations.

## Objective

- Enrich the upcoming young engineers with contemporary knowledge of Computer Science and Engineering and Electronics and Communication Engineering.
- Evolve seamless acquaintance in various technical fields through innovation and research.
- Cultivate the effective communication skill for establishing upbeat interaction to inspire leadership qualities in young Engineers.
- Setting up excellent facilities and creating an environment for advanced studies in Science and Technology for fostering the innovative ideas linked with globally competitive areas of research.
- Nurture lifelong learning practices, ethical and human values in youngsters.
- Conduct campus outreach programmes for facilitating solutions to practical problems in small scale industries and other occupations including agriculture.

**Dr. Rajeev Shorey**

[director@iiitsurat.ac.in](mailto:director@iiitsurat.ac.in)

**"At IIIT Surat, we don't just educate - we ignite potential, fuel ambition, and build futures."**

## Message from The Director

I took charge as the Director of Indian Institute of Information Technology (IIIT), Surat in June 2024. Over the past year, the institute has witnessed transformative growth and transformation, driven by a renewed vision and a strong sense of purpose.

A major achievement has been the formulation of a new Strategic Plan, developed under the guidance of our esteemed Board of Governors. This plan lays the roadmap for long-term growth, emphasizing academic excellence, impactful research, and societal relevance.

We have strengthened our academic ecosystem by recruiting full-time faculty and engaging renowned Adjunct Faculty and Professors of Practice who bring rich industry experience to our classrooms. To bolster research, a world-class Research Advisory Board has been constituted, comprising eminent scholars and professionals to guide our global research agenda.

In the past year, IIIT Surat has signed MoUs with reputed academic institutions, industries, and start-ups, and we aim to deepen global collaborations that will benefit both faculty and students. Our placement performance has also seen a notable rise, reflecting growing recognition of our academic programs among top employers.

One of the most exciting developments is the imminent construction of our new campus. This will mark a significant leap in infrastructure, research capabilities, and overall student experience.

The past year has been a period of remarkable progress, made possible by the dedication and hard work of our faculty, staff, and students. I sincerely thank everyone at IIIT Surat for their unwavering support. With such collective effort, I am confident that IIIT Surat is on its way to becoming one of the premier institutes in the country.

## Message from Training and Placement Officer

The Indian Institute of Information Technology Surat is an Institute of National Importance established in Public-Private-Partnership (PPP) mode in 2017 by the Ministry of Education, Government of India, in association with Govt. of Gujarat and Industry partners, Gujarat Narmada Valley Fertilizer and Chemical Ltd, Gujarat Gas Ltd and Gujarat Informatics Ltd. The academic activities of the Institute are now in its own academic facility at Kamrej in Surat.

We offer a rigorous academic program that prepares our students for the challenges of the modern workplace. Our curriculum includes a mix of core courses, electives, and hands-on projects. We also encourage our students to participate in extracurricular activities, such as sports, music, and drama. These activities help our students develop well-rounded personalities and leadership skills.

In addition to their academic achievements, our students have a strong track record of success in the job market. In the past year, our students have received offers from top companies in a variety of industries, including technology, finance, and consulting. We are confident that our students will continue to be successful in the future, and we are excited to partner with you to find the best talent for your company. We are committed to providing you with the best possible recruiting experience. If you have any questions or would like to learn more about our services, please contact our Training and Placement Office. We look forward to working with you to find the best talent for your company.

I would like to warmly welcome all current and prospective recruiters to IIIT Surat for the recruitment season 2025-26. IIIT Surat is a leading technical institute in India, with a strong focus on innovation and problem-solving. Our students are highly skilled and motivated, and they are eager to make a difference in the world.

**Ms. Jyoti Ranjan**

[tnp@iiitsurat.ac.in](mailto:tnp@iiitsurat.ac.in)

**"Our mission is simple -  
To ensure every student  
finds not just a job, but  
the right path to growth."**

**Dr. Ritesh Kumar**

riteshkumar@iiitsurat.ac.in

**Faculty Coordinator**

At the Indian Institute of Information Technology Surat, we emphasize cultivating forward-thinking individuals who are not only strong in technical knowledge but also agile in real-world problem-solving. Our academic structure is thoughtfully designed to foster analytical reasoning, creativity, and practical skills through continuous exposure to projects, research, and collaborative learning.

Students here are inquisitive, motivated, and eager to explore emerging technologies. They thrive in diverse environments - be it academic competitions, interdisciplinary collaborations, or industry internships - demonstrating leadership, initiative, and professionalism.

As the upcoming placement season approaches, I truly believe our students are well-prepared to contribute meaningfully to any organization, bringing fresh ideas, dedication, and a drive to make an impact.

**Dr. Shriman Narayana**

shriman.narayana@iiitsurat.ac.in

**Faculty Coordinator**

The Indian Institute of Information Technology, Surat, an Institute of National Importance, is dedicated to nurturing technically skilled and industry-ready professionals. Our curriculum strikes a fine balance between academic rigor and practical exposure, ensuring students are well-equipped to meet real-world challenges.

With strong foundations in Computer Science and Information Technology, our students actively engage in research, projects, and extracurriculars that develop both their technical and interpersonal skills. This holistic development has consistently translated into successful placements across leading firms in tech, finance, consulting, and emerging startups.

We warmly welcome recruiters for the 2025–26 placement season and look forward to fostering meaningful industry partnerships through the remarkable talent of IIIT Surat.

- Industry 5.0
- Information Theory and Coding
- Innovation & Entrepreneurship
- Internet of Things
- Introduction to Electrical Engineering
- Machine Learning
- Mathematical Optimization
- Operating Systems
- Probability Theory and Stochastic Processes
- Program Management
- Programming for Problem Solving
- Quantum Computing and Communication
- Robotics & Automation
- Social Network Analysis
- Space Technology
- Sustainability

## SSIP Students Startup and Innovation Policy

The Student Startup and Innovation Policy (SSIP) policy was launched by the Government of Gujarat in January 2022. The institute has received funds of around 1.87 cr under this policy for a period of 5 years. The institute provides funding assistance, mentorship, incubation, and accelerator support to the student startups through this policy. The institute aims to create an innovation-driven ecosystem and develop a culture of entrepreneurship among students. It seeks to foster innovation, creativity, and collaboration among startups, industry, academia, and government. IIIT Surat has become a facilitator for creating entrepreneurs through institute seed funding as well as support through student startup innovation policy (SSIP) Govt. of Gujarat, IIC program. The valued education, enriched curriculum and proper mentoring has created motivation for students to become entrepreneur. I am proud to say that IIIT Surat has successfully helped students in their startups (viz. Vysion Technology). Moreover KasperTech founded by our Alumni students. Further IIIT Surat will strive to promote startup ecosystem, social enterprises and technologies targeted at problems of the needy or the society as a whole.

# Alumni Association

## Vision

- Connecting the Past, Empowering the Future

## Mission

- The Alumni Association has been established to foster a stronger community for graduates. It will serve as a vital channel for communication and collaboration between alumni and the institute. With a continuous flow of ideas and suggestions, the Association will provide students with fresh perspectives and opportunities for growth.

## Objective

- The IIIT Surat Alumni Association aims to establish a vibrant and engaged alumni network that strengthens the connection between the institute and its alumni.
- By fostering meaningful interactions, the association seeks to create opportunities for mentorship, professional growth and collaborative initiatives.
- It also serves as a platform to recognize and celebrate alumni achievements, encourage contributions towards institutional development and organize events that promote a sense of community, pride and belonging among all members.

# Life at Campus

# Life at Campus

## Google Developer Student Clubs

Google Developer Student Clubs (GDSC) is the official student chapter of Google Developers at IIIT Surat. Committed to fostering development skills and technological knowledge, GDSC organizes workshops, hackathons, and competitions in web development, app development, machine learning, blockchain, and more. With a motto of "Collaborate and Contribute," GDSC partners with various hackathons to encourage student collaboration. The club hosts two annual standalone hackathons and features some of the campus's finest developers who plan and execute innovative events and projects.

## LCS

Learn Code Solve (LCS) is the official algorithmic and programming club of IIIT Surat, dedicated to fostering a robust coding culture and competitive programming spirit among students. The club enhances skills in Data Structures and Algorithms and organizes flagship competitions such as Stranger Codes, AlgoHours, CodeWave, and HashCup, and serves as an active Google HashCode Hub. LCS is home to numerous talented coders with high ratings on platforms like CodeChef, Codeforces, HackerEarth, HackerRank, and LeetCode, with many qualifying in ACM-ICPC Regionals.

# Life at Campus

## Ruminate E-Cell

Ruminate, the E-cell of IIT Surat is the first and one of the prime clubs of IIT Surat. Ruminate is determined to ignite the spark and promote the spirit of Entrepreneurship among college students. Today's budding entrepreneurs will be the leaders of tomorrow and Ruminate is motivated to nurture these young talents and provide them with a plethora of resources to meet their potential. We have been actively fostering an entrepreneurial spirit among students and providing a platform for them to explore and develop their business acumen.

## MARC

The institute's Robotics and Electronics club is a community of enthusiastic students dedicated to automation and electronics. Its main objective is to create a platform for students to learn, experiment and bring their ideas to life from concept to application. The club aims to promote a culture of creativity, curiosity and collaboration among its members, with a particular emphasis on cutting-edge technology to solve real-world issues. It brings together passionate students in fields such as robotics, IoT and embedded systems, providing them with opportunities to prototype and develop their ideas into actual products.

# Life at Campus

## SARAS

SARAS is the cultural club of IIIT Surat dedicated to celebrating India's rich and diverse heritage. SARAS organizes a variety of events, including the annual "Saanjh" and Makar Sankranti celebrations, alongside activities under the banners of EBSB and Azadi ka Amrit Mahotsav. These events provide platforms for students to showcase their talents in singing, dancing, painting, poetry, and drama. SARAS encourages students to connect with their cultural roots and values, promoting a holistic development that complements their technical pursuits at IIIT Surat.

## Indominus

Indominus, the sports and gaming club of IIIT Surat, promotes competitiveness, creativity, and coordination among students. We organize a wide range of sports and gaming events, including tournaments in BGMI, Smash Kart, Strumble Guyz, Valorant, Football, Cricket, Volleyball, Chess, and Kho-Kho. Indominus also oversees the management and formation of college teams, representing IIIT Surat in prestigious inter-college sports meets.

# Life at Campus

## Spring Fiesta

SPRING FIESTA stands as the prestigious spring festival of IIIT Surat, an annual celebration marked by a rich tapestry of social and cultural events. It serves as a dynamic platform where students engage in a spectrum of activities encompassing cultural, sports, technical, and entrepreneurial events. The festival features a packed schedule that includes guest performers and speakers, as well as various on-stage performances and competitive events. This festival not only encourages participants to showcase their talents but also facilitates learning across diverse fields such as management, arts, dance, drama, singing, sports, robotics, startups, and technology. The collective efforts of various clubs ensure the festival's success, providing students with a valuable break from academic routines while offering new learning experiences.

Beyond its festive ambiance, SPRING FIESTA plays a pivotal role in shaping students' personal and professional trajectories. It serves as a catalyst for social skill development, fostering the exploration of innate talents and promoting creativity. Moreover, the festival emphasizes team-building, cooperation, critical thinking, networking skills, emotional intelligence, and the cultivation of lasting relationships among participants.

By bridging the gap between academia and extracurricular pursuits, SPRING FIESTA enriches the overall educational experience at IIIT Surat, leaving indelible memories and valuable life lessons for all involved. This festival exemplifies the institution's commitment to nurturing well-rounded individuals equipped with the skills and experiences necessary for future success.

# Workshops at Campus

## Soft Skill Training Workshop

To prepare the students for the placement season, soft skills workshops are conducted in collaboration with professional training partners. These sessions focus on enhancing communication, time management, and collaboration, which are the key skills for succeeding in the corporate world. Students learn to communicate confidently, manage their time effectively, and work efficiently in teams. Active participation reflects their dedication to personal growth and career readiness, aligning with IIIT Surat's commitment to holistic student development.

## Managing Stress In a Healthy Manner

Focusing on the mental health of our students as an essential part of placement preparation. Dedicated sessions on mental well-being are conducted to help students manage stress, overcome anxiety, and maintain emotional balance. The session equips them with coping strategies to stay resilient and focused during high-pressure situations. This initiative reflects our commitment to supporting students not just technically, but also emotionally, as they step into their professional journeys.

# Cultural Initiatives and Extracurricular Activities

## Yuva Sangam Phase 3

IIIT Surat, chosen as the nodal centre for Gujarat, played a pivotal role in coordinating the Bihar delegates' visit during the Yuva Sangam Phase-III under Ek Bharat Shreshtha Bharat. This initiative by the Government of India aims to strengthen cultural and educational ties among youth nationwide. The participants were exposed to Gujarat's vibrant culture, technological advancements, and historical landmarks, enhancing their understanding and appreciation of the state's unique heritage.

Yuva Sangam, under the Ek Bharat Shreshtha Bharat program, is an initiative by the Government of India aimed at strengthening people-to-people connections among the youth across the nation. This initiative conducts exposure tours for students from higher educational institutions and off-campus youngsters, providing them with immersive experiences in various states of India. Participants gain multi-dimensional exposure across five broad areas: Paryatan (Tourism), Parampara (Traditions), Pragati (Development), Paraspar Sampark (People-to-people connect), and Prodyogik (Technology).

This initiative is integral to the holistic development of students, providing invaluable experiences beyond academic learning. IIIT Surat's active involvement in Yuva Sangam underscores its commitment to nurturing well-rounded individuals prepared to contribute positively to the nation's growth and unity. Through such programs, students develop leadership, teamwork, and interpersonal skills, fostering a deeper sense of national integration and cultural awareness.

# Placement Procedure

# We Are Open For

## **Full-Time Employment (FTE)**

Open to companies offering direct placement opportunities to final-year students (Batch of 2026). Employment can commence after the completion of graduation in July 2026.

## **Pre-Placement Offer (PPO) based 6-Month Internship**

Students from the Batch of 2026 are available for full-time internships during their 8th semester (January to June 2026). Based on their performance, companies may extend a Pre-Placement Offer (PPO).

## **Summer Internship**

Students from the Batch of 2027, who will complete their 6th semester by May 2026, are available for summer internships from June to August 2026. These internships offer students valuable industry exposure and practical experience.

**Devansh Bohare**

B.Tech ECE (2027)

**Meet Parmar**

B.Tech CSE (2027)

**Sakhee Mate**

B.Tech CSE (2027)

# HOW TO REACH US

## Indian Institute of Information Technology, Surat

Kholvad Campus, Kamrej, Surat - 394190,  
Gujarat

02621-298060

[office@iiitsurat.ac.in](mailto:office@iiitsurat.ac.in)

Surat has an international Airport and is well connected with all the major airports of India. It has direct flights to and from Delhi, Mumbai, Bengaluru, Kolkata and connecting flights to and from all the airports.

Surat lies in the middle of Mumbai and Ahmedabad, the two cities famous for their industries. Surat is accessible from both the cities with a 3-4 hours ride.

Surat is well connected by Railway to major cities like Bangalore, New Delhi, Mumbai, Chennai, Hyderabad, Ahmedabad, Jaipur, Lucknow, Bhopal, Indore etc.
